**Attachments:** SN Operating-3 Sites-Env Benefits Calcs.xlsx; CCDS - Appendix A of Guidance updated March FY14\_SN Operating.pdf

We updated the environ benefit reduction information in ICIS based on correspondence from the company on actual completion dates for 2 sites.  
The other support documentation previously forwarded is still valid, but the calculation spreadsheet and case worksheet reflect the updated totals.  
These are furnished for your records to match the updated ICIS totals.  
Diana

I have the calculations and support documents, I just need to fill in the form.  
The reductions were estimated based on permit application representations for the affected emission sources seen in the flyover videos, and the dates of corrective action completion furnished for the AOC.  
We requested but did not receive any cost information from the company.  
Diana

Greetings –

By way of introduction, I work in OECA's Office of Compliance and I'm responsible for performing quality reviews of estimated Environmental Benefits calculations resulting from enforcement actions for "big cases".

As outlined in the following SOP, OECA conducts quality reviews of environmental benefits calculations for lodged cases with amounts estimated at or above 5 million units (e.g., pounds, gallons, cubic yards) and air toxics cases with 200,000 lbs. or more of emissions reductions. These thresholds are considered "big cases". The SOP is found here: <http://intranet.epa.gov/oeca/oc/pmod/ebsop.pdf>

In order to conduct this quality review, I am requesting that you provide the Case Conclusion Data Sheet and the underlying environmental benefits calculations for the below-listed case. The CCDS form is found in Appendix A of the CCDS Guide, also attached here.

While ICIS identifies you as the Lead EPA Technical Contact, I am also copying the Lead EPA Attorney listed in ICIS just in case there have been any changes in the leads.

Kindly send me the requested information by August 20<sup>th</sup>. If you have any questions or concerns, please don't hesitate to contact me at your earliest convenience.

Best regards,

Lorry Frigerio  
Office of Enforcement and Compliance Assurance
